Company's Profile

KMG Milk Food Limited (an ISO 9001:2000) accredited company was established in 1992, not only to aim the manufacturing of High Class Dairy Commodities but to make its products available even for the consumers of remote areas in the country. A public limited company of the Group had made a dynamic entry in Dairy Industry by establishing ultra modern Milk Processing Plant in northern region of India, which enables the company a fast sourcing of the raw material. The plant and machinery set up here are of Alfa Level to meet the growing demand of High Quality of Dairy Products in domestic and international market as well. With the processing capacity of 300,000 liters of raw milk per day, this plant is meeting the substantial demand of Milk Powders in the country. Being an ISO-9001:2000 accredited company and having achieved the approval from Export Inspection Council of India, Ministry of Commerce, Government of India for exporting of our product under the name of "KMG" as a brand. Our products are being regularly supplied to all over the Middle East and SAARC Countries. KMG Milk Food Ltd. prides itself on Quality, Diversity, Experience, Technical Knowledge, Service and Industry Understanding. Quality Assurance, is kept in mind when manufacturing products. Experience, KMG's Directors and staff are vastly experienced in the Indian as well as International food markets. Technical Knowledge, KMG have a number of technically qualified staff aiding in solutions to an ever changing food processing industry. Service, KMG responds quickly to all enquiries, giving competitive prices, as well as specifications and information on the products concerned. Industry Understanding, KMG co-ordinates production of food products in India with the needs of international customers.

Milk (Plain)

KMG MILK FOODS LTD. has over two and half decade expertise in collection and processing of the milk in **RAAHUL** brand name. The fresh milk from the Buffalos and cows brought to the nearest chilling centres and then to the processing Plants with in a stipulated time period without breaking the cold chain. The chilled milk will be pasteurised at the processing factory. This process will kill a pathogenic microbe that causes spoilage of milk. After the completion of serial process the milk will be safe for human consumption.

RAAHUL Milk is packed in high quality food grade pouches. These pouches are user friendly to the consumers. The product undergoes stringent quality checks before packing. Every time you buy a pouch of **RAAHUL Milk**, you are assured of fresh flavour, taste and nutritional value. >>

The company offers different types of milk variants as per customer requirements like Full Cream Milk, Toned Milk and Double toned milk, standardised milk etc. The customer can choose between Cow & Buffalo milk as per their taste and habits.

Drinks - Lassi & Chhachh

Lassi is a popular, traditional, curd -based drink. **RAAHUL Lassi** is a blend of curd, water, sugar or salt & spices. Traditional lassi ("salted lassi", or simply, "lassi") is a savoury drink, sometimes flavoured with ground and roasted cumin. Sweet **RAAHUL Lassi**, however, contains sugar or fruits, instead of spices.

Chaach is a popular drink in India, known to aid digestion and is excellent refreshment in the scorching Indian summers. **RAAHUL Lassi** produces chach by using **RAAHUL Dahi** which is made by adding a starter culture to pasteurized & standardized milk. Freshly made chaachh is filled with countless numbers of beneficial probiotics that help digestion and kill harmful viruses. To gain the benefits of chach, choose **RAAHUL Chach** that contains live active cultures

Dahi

Curd is a natural dairy product made out of Milk. It is rich in calcium and is good for digestion. The **RAAHUL Curd** is made out of good milk from the best country buffalos . The product is made by using high quality Culture. Milk is fermented with lactic acid present in curd under low temperatures (optimum 69 degrees F).

RAAHUL Curd is available both in sachets and enclosed containers with good taste and thickness. **RAAHUL Curd** bears the uncompromised dairy expertise. A family consuming **RAAHUL Curd** daily stays healthy. The **RAAHUL Curd** is Packed in 200 Grams,400 Grams Food grade poly cups and sachets.

SMP & WMP

We manufacture standard grade , natural taste, **»»**
good quality of **RAAHUL SMP** (Skimmed Milk
Powder) & **RAAHUL WMP** (Whole Milk Powder) .
Which is reconstitute to make other products in
Bakery & Confectionary.

Dairy Whitener

RAAHUL Dairy Whitener is a creamy Dairy Whitener specially made to add a rich, smooth taste to your tea or coffee. The product specification is as follows :-

Fat - 20%

Sugar - 18%

SNF - 59%

Butter

RAAHUL Butter is made from the fat of cows 'and buffaloes' milk. It pure & natural fat. **RAAHUL butter** has its rich, creamy mouth feel and its sublime flavour. Butter is preferred fat being used in every preparation in the culinary arts. Many consumers prefer having it plain i.e. without being served in a dish. **RAAHUL Butter** is available in three variants are :

White Butter (made from Buffalo Milk)

Table Butter (made from Cow Milk)

Yellow Butter (made from Cow Milk)

Pure Ghee

RAAHUL Pure Ghee is made from Buffalo and Cow Fat. This is made by simmering unsalted butter in a large pot until all water has been boiled and protein has been settled at the bottom. The cooked and clarified butter is then spooned off to avoid disturbing the milk solids on the bottom of the pan. **RAAHUL Pure Ghee** is made without adding any preservatives or chemicals. The natural Aroma is the main feature for its success in the Ghee market. Ghee lovers first choice is **RAAHUL Pure ghee**.
